# ABOUT US

# STRATITAL

Stratital was built by agencies, for agencies, with strategic thinking and white-label execution.

Our team operates entirely behind the scenes, allowing your agency to scale seamlessly without the overhead. Every strategy we roll out is grounded in data, refined through experience, and tailored to help you win more clients and retain them longer.

We know agencies are under pressure to perform. That's why Stratital handles the execution, strategy, and reporting so you can focus on growth, client relationships, and results.

# OUR SERVICES AND PRICES

Stratital is a white-label digital marketing team that works exclusively with agencies. We stay fully in the background, providing seamless execution across SEO, social media, web, ads, and more, all under your brand. In every engagement, your agency is the client, not your end client.

All communication, reporting, and service delivery happen directly between your agency and Stratital. This ensures full control and brand consistency on your end, while we do the heavy lifting.

Plan your project

# Local SEO

## Become more visible to customers in your neighbourhood.

Optimisation of your website and online presence to attract local customers in a specific geographic area.

Stratital enhances your visibility in local search results by optimising your Google Business Profile, managing local citations, creating location-based content, and implementing technical SEO strategies to help your business appear in searches like “near me” or “[service] in [location].”

**Price: \$450/month - Custom pricing also available**

# Local SEO Service Inclusion

## 1. Initial Setup & Audit

- Google logins Required
  - Google Analytics
  - Google Search Console
  - Google My Business
- Website logins required (Wordpress, Wix, S/S, e.t.c)
- Keyword suggestions report (usually 2-4 at a time)

## 2. On-Page Optimisation

- Report optimising title tags, meta descriptions & headers
- Local landing page creation (service area/location pages) where relevant
- Internal linking with local keyword relevance

## 3. Google Business Profile (GBP) Management

- Optimisation of profile
- Post regular updates/offers (when relevant)
- Adding products/services (when relevant)
- Uploading photos & videos (when relevant)
- Review notification to client

# Local SEO Service Inclusion

## 4. Content & Engagement

- Blog creation with a local focus. Typically 2 per month
- City/region-based service pages (when relevant)
- FAQs targeting local search queries (when relevant)
- Social media integration for local reach (when relevant)

## 5. Technical SEO

- Crawlability & indexation optimisation
- XML sitemap & robots.txt management
- Structured data implementation (Organisation, Products, FAQ)
- Duplicate content & canonicalisation management

## 6. Authority & Link Building

- Guest posting on relevant sites
- Link building on relevant sites
- Tracking of links submitted on a monthly basis

## 7. Tracking & Reporting

- Weekly keyword ranking reports
- Monthly Traffic & lead reporting (Google Analytics/GA4)
- Conversion tracking setup (calls, form fills)

Plan your project

# National SEO

## Expand your reach and get discovered nationwide.

SEO strategy focused on improving visibility across a country, not tied to a specific city or region.

Ideal for businesses targeting customers nationwide, National SEO involves keyword targeting, competitive analysis, technical site optimization, and high-quality content creation to improve rankings in broader searches.

**Price: \$550/month - Custom pricing also available**

# National SEO Service Inclusions

## 1. Initial Setup & Audit

- Google logins Required
  - Google Analytics
  - Google Search Console
  - Google My Business
- Website logins required (Wordpress, Wix, S/S, e.t.c)
- Keyword suggestions report (usually 2-4 at a time)

## 2. On-Page Optimisation

- Report optimising title tags, meta descriptions & headers
- Local landing page creation (service area/location pages) where relevant
- Internal linking with local keyword relevance

## 3. Content & Engagement

- Blog creation with a local focus. Typically 2 per month
- City/region-based service pages (when relevant)
- FAQs targeting local search queries (when relevant)
- Social media integration for local reach (when relevant)

# National SEO Service Inclusions

## 4. Authority & Link Building

- Guest posting on high-authority, industry-relevant sites
- Outreach for higher-quality backlinks (national focus)
- Tracking of links submitted on a monthly basis

## 5. Technical SEO

- Crawlability & indexation optimisation
- XML sitemap & robots.txt management
- Structured data implementation (Organisation, Products, FAQ)
- Duplicate content & canonicalisation management

## 6. Tracking & Reporting

- Weekly keyword ranking reports (national focus)
- Monthly traffic & lead reporting (Google Analytics/GA4)
- Conversion tracking setup (calls, form fills, enquiries)

Plan your project

# Link Building

## Boost your credibility with powerful, high-authority backlinks.

The process of acquiring high-quality backlinks from reputable websites to boost your site's authority.

Stratital builds contextual, niche-relevant backlinks that increase your domain authority, improve SEO rankings, and drive referral traffic. We use white-hat methods to ensure long-term SEO gains.

**Price: \$200/month - Custom pricing also available**

# Link Building Service Inclusions

## 1. Initial Setup

- Agreed monthly link submissions target

## 2. Outreach & Prospecting

- Research and identification of relevant websites for placement
- Outreach to high-authority, niche-relevant sites

## 3. Content for Link Acquisition

- Guest post content creation (SEO-optimised)
- Link insertions in existing relevant content (when available)

## 4. Link Types & Diversity

- Guest posting on relevant industry sites (when relevant)
- Editorial mentions & PR links (when relevant)
- Niche directory submissions (when relevant)
- Resource page & “best of” link opportunities

# Link Building Service Inclusions

## 5. Quality Assurance

- Ensuring contextual and dofollow links (when applicable)
- Avoidance of link farms and low-quality placements (when relevant)

## 6. Tracking & Reporting

- Tracking of all submitted links
- Monthly reporting on link performance

Plan your project

# Google Advertising

**Reach ready-to-buy customers right when they're searching.**

Paid advertising on the Google Ads platform to target users searching for your services or products.

From keyword research to ad copy and conversion tracking, we manage your Google Ads to drive qualified traffic and leads. Includes Search, Display, and Remarketing campaign management.

**Price: \$450/month - Custom pricing also available**

# Google Ads Service Inclusions

- Preparing proposals & presentations (templates provided)
- Lead list building & basic research
- Appointment setting for sales calls
- Following up with warm leads (under direction)

## 5. Bookkeeping & Admin Support (basic)

- Invoice preparation & sending reminders
- Expense tracking & reconciliation (non-licensed support only)
- Timesheet or payroll assistance (data collation, not compliance tasks)

## 6. Reporting & Tracking

- Weekly activity reports (tasks completed, hours tracked)
- Basic performance tracking (social posts, email campaigns, leads logged)
- Client notifications for tasks requiring approval or follow-up

# How It Works: Our 8 Step White-Label Process - Part 1

1 Select Services	You (the agency) choose the services your client needs: SEO, social, web, ads, or more. Need help deciding? We're happy to review your brief and recommend a white-label strategy.
2 Proposal & Quotation	We'll provide a service quote based on your selected products and quantity-based pricing. You're free to brand the proposal as your own when presenting it to your client.
3 Agreement & Contract	Once you're ready, we'll issue a simple service agreement (NDA included if needed) that defines responsibilities, deliverables, and timelines all under your agency's name.
4 Payment & Activation	We issue an invoice for the agreed service(s). Work begins upon payment confirmation. All pricing is in your local currency and billed monthly, with no hidden fees or lock-in contracts.
5 Client Onboarding	We'll collect relevant information, access credentials (e.g., website, social media, ad accounts), and any client-specific brand assets. You manage the client; we manage the execution.

# How It Works: Our 8 Step White-Label Process - Part 2

## 6 White-Label Execution

Our team gets to work behind the scenes. All deliverables, reports, graphics, content, and campaign dashboards are branded with your agency's identity. You remain the face of service.

## 7 Review & Reporting

We deliver reports monthly (or as agreed), ready for you to send to your client. We're also available to support you during client meetings, strategy reviews, or upsell pitches, still 100% white-label.

## 8 Ongoing Support

Scale up, scale down, or switch services anytime. Add more products at discounted rates or request one-off support when needed.

## Summary Flow (Quick Visual)

Select Services → Quote & Contract → Payment → Onboarding → Delivery → Reporting & Support

### White-Label Disclaimer:

Stratital operates as a fully white-label partner. We do not interact directly with your clients or represent ourselves publicly. All work is produced, delivered, and reported under your agency's name.

Our mission is to help your agency scale without the need to hire, manage, or train an in-house digital team. We are invisible to your clients but invaluable to your delivery.

# THANK YOU
